# T534-1800A

**Innovative and cost-effective system** 

# HIGHSPEED and **CONTINUOUS PRINTING**

- Two New Piezo staggered heads
- Assures 18.6 sqm/h print speed in 6-color mode
   Draft print speed 91.3 sqm/h (360 dpi / 1 pass mode)

# er improvement of productivity lowing continuous unmanned operation

- UISS, Uninterrupted Ink Supply System, is a standard feature Two liter aluminum packs and an automatic drying fan are equipped. (Options)

Sports Apparel

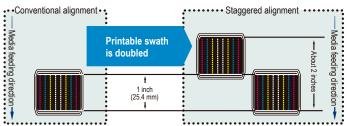

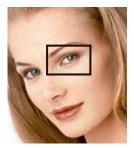

# Achieves high speed printing of up to 32.0 sgm/h

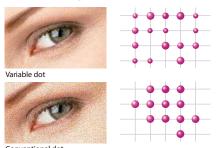

Two newly developed print heads are configured in a staggered pattern, which allows the end-users to quickly respond with increased speeds for wide-format soft signage with a productive high-speed print speed of 32.0 sqm/h in 4 color mode\*1.

\*1 32.0 sqm/h = 4 color, 540 x 720 dpi, Bi/Hi 18.6 sqm/h = 6 color, 540 x 720 dpi, Bi/Hi 91.3 sqm/h = 4 color, 360 x 360 dpi, Bi/Std

Improved ink jetting angle achieves higher print image quality without grainy appearance in 4-color mode by jetting variable size dots, Large, Medium and Small variable dots, with a maximum resolution of 1440 dpi.

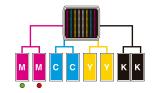

# Enhancing productivity by allowing continuous unattended operation UISS\*2 is standard equipment - Two ink cartridge holders are allocated for each

color. When one ink cartridge indicates low ink level, this system automatically switches to the other one. Additionally, using in combination with the MBIS\*3 that supplies ink from aluminum ink packs(2L) extends the time of ink supply and reduces not only ink cost but also environmental footprint.

To further improve work efficiency, an automatic drying fan\*4 is offered to shorten the ink dry time and allows for continuous media take-up during high-speed printing.

- \*2 UISS Uninterrupted Ink Supply System: Automatic ink cartridge switching function (4-color mode only)
- \*3 MBIS Mimaki Bulk Ink System (Option)
- \*4 Automatic drying fan is the option.

### UISS

When one ink cartridge runs out of ink, the indicator will light up red., while the system switches automatically to the second cartridge of the same color.

# New generation of output software with 16 bit rendering

- Smooth gradation with less tone jump is achieved with16 bit rendering.
- Versatile editing functions such as tiling, trimming, scaling, and rotating are provided.
- The web update function easily provides both software updates and profile downloads.

# Sophisticated RIP maximizes the performance of TS34-1800A.

- · Multiple images can be nested freely in the RIP.
  - The software works in mixed Windows/Macintosh network environment.

## **■**Specifications

Item		TS34-1800A	
Head		On-demand Piezo head (Array of 2 staggered print heads)	
Print resolution		360, 540, 720, 1,440 dpi	
Maximum width		1,900 mm	
Ink	Kind	Sublimation ink : Sb52 (BL/M/Y/K/LBL/LM)	
		Sublimation ink : Sb53 (BL/M/Y/K/LBL/LM)	
		Water-based pigment ink (C/M/Y/K/LC/LM)	
	Supply system	220 ml or 440 ml ink cartridge / 2 L ink pack	
Media	Size	210 mm~1,910 mm (Thickness 1.0 mm or under)	
	Weight	25 kg or under	
	Roll outsied diameter	Φ 180 mm or under	
	Roll inside diameter	2 inch or 3 inch	
	Cutter	Y-direction cutter after head section	
Take-up device		Equipped with a roll take-up device, inside / outside selectable	
Interface		USB 2.0	
Power specification		AC 100~120 V, AC 200~240 V	
Power comsumption		360 W or under	
Dimensions (W×D×H)		2,840 × 750 × 1,430 mm	
Weight		210 kg	

## ■Supplies & Options

Item		Item No		
Subkimaton ink Sb52	440 ml ink cartridge	SPC-0584BL/M/Y/K/LBL/LM		
Subkilliatoli liik Sb32	2 L ink pack *1	SPC-0585BL/M/Y/K/LBL/LM		
Subkimaton ink Sb53	440 ml ink cartridge	SB53-BL / M / Y / K / LBL / LM-44		
Subkillatoli liik Subb	2 L ink pack *1	SB53-BL / M / Y / K / LBL / LM-2L		
Water-based pigment ink	220 ml ink cartridge	SPC-0494C / M / Y / K / LC / LM / LK		
Drying fan 180		OPT-J0313		
Sulimation option for TS34-180	)A *2	OPT-J0329		
MBIS2 (Mimaki Bulk Ink Syster	n)	OPT-J0305		

\*1: 2 L ink packs can be used with MBIS, Mimaki Bulk Ink System (Option).
\*2: Fan unit for prevention of ink mist.

Some of the samples in this catalogue are artificial renderings. Specifications, design and dimensions stated in this catalogue may be subject to change without notice (for technical improvements etc). The corporate names and merchandise names written on this catalogue are the trademark or registered trademark of the respective corporations. Inkjet printers print using extremely fine dots, so colors may very slightly vary after replacement of the printing heads. Also note that if using multiple printer units, colors could vary slightly from one unit to other unit due to slight individual differences.
