

Say goodbye to dollies, pallet jacks and sore backs with the easy-to-use On-A-Roll Lifter. Designed specifically for grand- and wide-format printers, sign makers, and anyone responsible for lifting wide or heavy media rolls, the On-A-Roll Lifter will:

Save Your Back.

No pulling. No heaving. No hefting. In minutes, with no strain to the back, you can lift heavy or wide rolls associated with today's larger and faster print runs. The On-A-Roll Lifter's sturdy steel construction allows the lifting of media up to 440 lbs. and up to 16.5 feet wide.

Save Money.

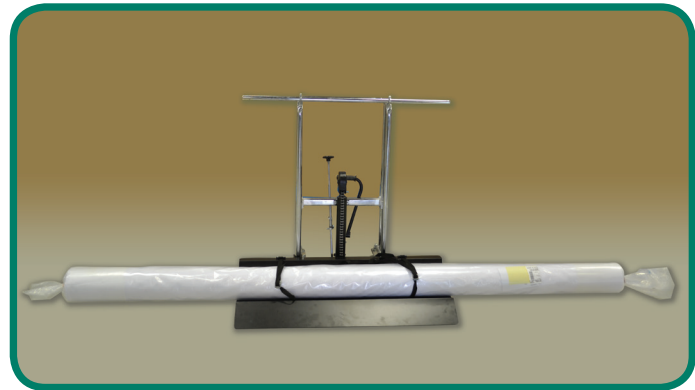

Avoid costly and dangerous mishandling mistakes that result in damaged media by using the secure On-A-Roll Lifter®.

Save Time.

What was once a two-person job becomes manageable by one, allowing a single employee to safely handle oversized and heavy media.

Save Space.

Sleek and solid, the On-A-Roll Lifter® is designed to operate in the tightest of shops – even those with limited floor space.

Roll any size media onto the Lifter and then directly on to your printer feeder.

On-A-Roll Lifter®'s Sizes

Item#	Lifts Rolls Up to	List Price
60560	8'2"	\$2,895
60562	16'4"	\$2,995

5-year warranty on cross bars.*

Specifications

	60560	60562
Roll Weight Capacity	440 lbs	440 lbs
Lift Height	33.5"H	33.5"H
Max. Roll Width	8'.2"	16'.2"
Max. Roll Diameter	15.75"	15.75"
Width, Depth & Height	31.5"W x 31.5"D x 43.3"H	51.25"W x 15.75"D x 39.5"H
Weight	176.4 lbs	187.5 lbs

Easy-to-Maneuver:

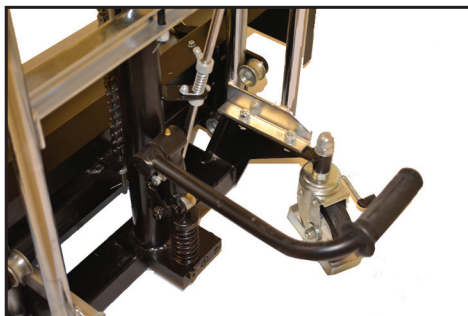

1. Slide On-A-Roll Lifter® in front of media.
2. Apply the brakes with your foot.
3. Place fixing straps on the ground.
4. With foot, roll media over the straps and toward the Lifter.
5. Lift straps, walk behind the Lifter, then pull straps toward you.
Done. Media falls easily into place and is secured in a protective three-walled channel for transport.
7. Secure straps and go - all with ergonomic ease.

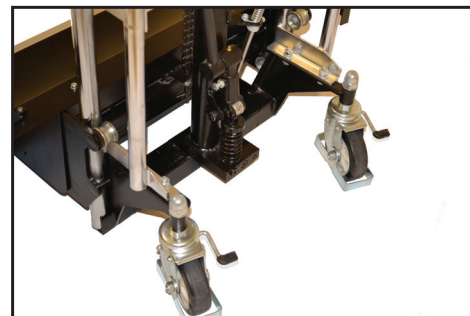

Extended nylon safety straps provide leverage to help guide the roll into a specially designed high-walled transport tray and also ensure materials are secured for transfer.

The unique concave trough design of the transport tray seats oversized rolls and stabilizes them for transfer.

Foot pump allows for smooth, effortless lifting within minutes.

360° heavy-duty rotating (and locking) casters allow you to maneuver through standard doors and narrow passages.
